

**McGregor Boulevard Roadway and Drainage Improvements Project**  
**Construction Update Week of October 9, 2017**  
**Changes shown in red**

The City of Fort Myers is replacing storm drainage on McGregor Boulevard from Colonial Boulevard to Poinciana Avenue. In addition to replacing the existing pipes, the project will resurface the roadway, replace sidewalk where disturbed by pipe replacement, replace some signage, and update crosswalks with new striping and Americans with Disabilities Act (ADA) accommodations. The final product will not change the “look” of McGregor Boulevard as it is today. The speed limit on McGregor Boulevard has been temporarily reduced to 25 mph in the work zone.

- Motorists should expect one lane open to traffic from 7 a.m. to 6 p.m. Monday through Saturday. Flaggers will maintain both directions of travel.

Some sidewalks may be closed within the project area and pedestrians and bicyclists may be detoured. **This schedule may be subject to change due to inclement weather and unforeseen underground conditions.** Drivers, bicyclists and pedestrians should use caution.
